DeerRunGolf.com

Welcome to the Real Magic Kingdom - Deer Run Golf Club.

Golf is a magical, mysterious game invented by Scottish shepherds. As the modern world becomes faster, more impersonal, and more of a virtual reality... the human soul yearns for the original game of those Scottish shepherds.

Though Deer Run GC has all of the modern amenities such as the latest EZGo golf carts with GPS units, fully stocked beverage carts and, an automated Power Tee driving range... DRGC has kept the magic of the past with its charming old brick clubhouse and an Irish Pub to bring you back to the days of Celtic lore.
